Dear Parent/Guardian:

Your child's school has been designated by the New York State Education Department as a School In Need of Improvement. This designation alone does not indicate a failing school, but provides a focus on areas for school improvement by principals, teachers, and parents. Identified schools then become eligible for additional support from the District and State as they work to improve teaching and learning, attendance, graduation, or participation in testing.

Under the federal No Child Left Behind Act of 2001, when a school is designated as a School In Need of Improvement by the State, parents have the options of:

- remaining at the school and actively participating in the school improvement process,
- remaining at the school and applying for after-school supplemental services, or
- seeking enrollment in one of the designated schools listed below.

Because Central Park International Magnet School is a school of choice, your child's choice of school option is to return to the school designated by your attendance zone based on your street address. Please refer to the attached attendance zone document.

If you would like more information about your attendance zone school, you are encouraged to contact the principal. If your child's application to enroll in the school is approved, the school district will provide transportation services based on the district's transportation policy.

We have worked very hard to improve the academic achievement of all of our students, and are initiating a variety of changes at the district and school levels to support academic achievement. We have demonstrated that the classroom is the most important place in our district, and we are working hard to support our families, teachers, and principals as they improve teaching and learning for all children.

If you choose to apply for a transfer, complete the attached form and return it to Lori McKenna at the address below. We must receive your response no later than August 5, 2009. If you need assistance or have questions, please call me, the Director for Federal and State Programs @ 518-881-3405.

Sincerely,

Lori A. McKenna

Send completed form to:
