APPROVAL OF THIS PLAN BY THE SUPERINTENDENT AND BOARD OF EDUCATION (IN NEW YORK CITY, THE CHANCELLOR OR THE CHANCELLOR'S DESIGNEE) IS MANDATORY.

Implementation is required no later than the first day of regular student attendance.

### **SIGNATURES**

DIRECTIONS: The SCEP must be submitted with the signatures of those who participated in the development of the SCEP. The individuals identified in the "Stakeholder Participation" tab shall provide their signatures in the space below.

If the school is unable to secure the signatures of an individual in the space below, the school shall write "Addendum Attached," in the space for the signature and provide, in a separate document, a brief written explanation as to why it was unable to secure that individual's signature along with the most recent contact information for that individual. In addition, that member must be provided the opportunity to submit in writing the reason he/she did not sign.

If an individual identified below has objections or concerns related to the SCEP, that team member shall note "Addendum Attached," next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

## **Statement of Assurances**

### By signing this document, the Local Education Agency certifies that:

- 2. The SCEP has been formally approved by the school board and will be made widely available through public means, such as posting on the internet, distribution through the media, and distribution through public agencies.
- 3. The SCEP will be implemented no later than the beginning of the first day of regular student attendance.
- 4. The SCEP contains at least one evidence-based intervention.
- 5. Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

### **Evidence-Based Intervention**

**Evidence-Based Intervention:** All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at http://www.nysed.gov/accountability/evidence-based-interventions

Schools may choose one of three options for identifying their evidence-based intervention:

- 1) Selecting a strategy from the State-Supported Evidence Based Strategies located at: http://www.nysed.gov/accountability/state-supported-evidence-based-strategies
- 2) Selecting an evidence-based intervention identified through either the What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development
- 3) Identifying an evidence-based intervention on its own that meets the criteria for Tier 1, Tier 2, or Tier 3.

**Directions:** Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

### State-Supported

If selected, indicate below the specific strategy found at http://www.nysed.gov/accountability/state-supported-evidence-based-strategies that the school is implementing in 2019-20.

Strategy the school will implement: Professional Learning Communities (PLCs)

### Clearinghouse-Identified

If selected, indicate below the specific intervention or program to be implemented, the clearinghouse (What Works, Social Programs that Work, or Blueprints for Healthy Youth) that has concluded this strategy is effective, and the rating or score the clearinghouse has given this strategy.

Strategy the school will implement:

Rating from Clearinghouse	

School-Identified				
If selected, indicate below the specific intervention or program to be implemented, the evidence tier that the school believes this intervention falls				
under, and a hyperlink to research that supports that this strategy meets the ESSA standard for a Tier 1, Tier 2, or Tier 3 evidence-based				
intervention. If no hyperlink is available, or if the supporting study requires a fee to view, then the school must submit the supporting research as				
an attachment when submitting the SCEP.				
Strategy the school will implement:				
Strategy the school will implement.				
ESSA Evidence-Based Tier (1, 2, 3)				
Link to research or citation (if citation is used then research must be				
submitted separately with the SCEP)				
Additional Evidence-Based Interventions (Optional)				
All schools must implement at least one Evidence-Based Intervention.	Schools implementing more than one Evidence-Based Interventions can use			
the space below to identify additional evidence-based interventions the school has selected.				

### **Meaningful Stakeholder Participation**

Meaningful Stakeholder Participation: The SCEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the "Requirements for Meaningful Stakeholder Participation" section of the SCEP Completion Guide.

**Instructions:** List the stakeholders who participated in developing the SCEP. Boxes should be added as necessary. The school shall obtain the signatures of the individuals identified below on the SCEP Cover Page tab.

C1. Area(s) of Need: Indicate the area(s) of need that have emerged in the SCEP Development Team's review of data, practices, and resources, that if addressed, could result in improvements towards this goal.		Much of the school's instructional emphasis is on literacy, resulting in limited attention spent during the school day for instruction in other content areas, particularly math. The principal explained to the IIT that a main area of the school's focus is on literacy and that as a result, math instruction has been neglected and math scores on State assessments have continued to decline. The school leaders and teachers stated that school priorities include greater use of higher-order questioning and academically productive talk. However, during classroom visits, the IIT did not see these strategies taking place across the school during literacy instruction and even less so during math instruction. In addition, during class visits the IIT of observe any science or social studies instruction taking place.

E1. Mid-Year Benchmark(s) - Identify what
the school would expect to see in January to
know it is on track to reach its goal. While
this can be descriptive, schools should use
quantifiable data when applicable.

By January 2020, King Elementary School will know that it is on track for meeting the goal of reducing the number of chronically absent students to 40% based on the average daily attendance of students and the number of membership days.
