

Expand EEIS Staff

- The district lacks comprehensive **district-wide curriculum**; this creates inequities across our schools and classrooms
- Instructional staff across the district, at varying levels, have expressed concern for the lack of **oversight for curriculum** in the district
- The reorganization and elimination of the OCI Coordinator positions in 2020-21 has left our EEIS office without **content experts** to develop and implement K-12, Next Generation, aligned **curriculum and resources**
